STORAGE

HAZARD HUT®

The solution to your indoor storage problem is outdoor containment.

When floor space is at a premium indoors, take your hazardous materials outdoors with the Hazard Hut. One-piece molded 100% polyethylene construction means there are no joints or seams to leak. Molded-in side vents reduce fumes, while UV protection makes it a durable performer outside. Removable grates make it easy to clean and the 72-gallon sump capacity ensures leak and spill containment.

Security is no problem. The double doors provide easy access for up to four 55-gallon drums while their doublewall construction, heavy-duty hinges and lock latches keep contents secure. Four-way forkliftable design makes the Hazard Hut easy to handle.

Door Opening 41.5" W x 48.5" H

Massive sump has removable structural foam grates for easy cleaning.

	SPECIFICATIONS	
HAZARD HUT®		
Product No.	4000-YE	
Dimensions	Exterior	Interior
Length	68 in / 173 cm	63.5 in / 161 cm
Width	72.5 in / 184 cm	53.75 in / 137 cm
Height	53.75 in / 137 cm	52.25 in / 133 cm
Weight	269 lbs / 121.8 kg	
Door Opening Width	41.5 in / 105 cm	
Door Opening Height	48.5 in / 123 cm
