SALVAGE DRUMS & OVERPACKS

POLY-OVERPACK® 110 SALVAGE DRUM

Ideal for distorted or bowed drums.

Containing irregular drums is not a problem with this handy-size overpack.

All the great performance features of the Poly-Overpack 95, but built taller to handle those misshapen drums.

YOU SHOULD USE...

OVERPACKS to provide protection for packages of solids – OR - for convenience in handling a package of solids.

SALVAGE DRUMS for the transport of damaged or leaking drums of hazardous liquids and hazardous materials that have spilled or leaked.

SPECIFICATIONS

POLY-OVERPACK® 110 SALVAGE DRUM
